The route that will be bladed will be similar to last year's blading route. Ms. Riggs asked if the blading can be done in the community. Renee replied that it can't be done in the community, only in rural areas. The blading will not go through fences, gates, railroads, etc. A map was brought out to show the areas that will be bladed.

Discussion on full explanation of this resolution along with the other 2 reference resolutions. Modesta is asking for the first resolution to be used instead of the 2nd stated resolution. No company coming in and developing around her livestock area. Modesta had met with the president, Mr. Nygren and he had indicated he agreed with her but never supported with a letter or otherwise. Modesta is very concerned due to her livestock is around the solar panel's setup along hwy 98. Renee explained the 2 prior resolutions to the meeting members. A question was asked if the solar panels are the same as the plan with NTUA planning with families in the rural area, different project.
